

Criteria for Final Project of the 2019/2020 School Year

As we come closer to the final few weeks of the school year, it is time to show your learning from projects throughout each term.

For this, you will create an art piece based on a prompt.

- You may interpret the prompt in any way. Because of this freedom, **I will not accept substitutions** for subject matter. The interpretations are a part of your grade.
- You must ensure that you **demonstrate learning in a minimum of two areas of learning** that we covered in class over the course of the school year.
- You may choose your media. But do ensure that you do not forget to include a background, even if it is fairly minimalist.

Your prompt for this project is:

Mythical

HINT: All skills covered over the year should be considered. For example, if you are using pencil, think of composition as well as shading techniques and value.

AS EVER: DO NOT COPY DIRECTLY FROM THE INTERNET. COPYING OTHER ARTISTS IS CONSIDERED A FORM OF PLAGIARISM AND WILL RESULT IN AN AUTOMATIC FAIL ON THIS ASSIGNMENT.

Due Date: Friday, June 12, 2020
